Lauren represents commercial businesses in a variety of government contracting and litigation matters. As Chair of PilieroMazza's REAs, Claims, and Appeals Group, she leads a team of attorneys who assist clients in every phase of the contract dispute process.

A highly skilled practitioner, Lauren offers clients guidance on bid protests, terminations, constructive change claims, multiple award schedule (MAS) contracts, and solicitation reviews. She is adept at counseling clients on suspension and debarment proceedings, mandatory disclosures, alternative dispute resolution, military base debarments, False Claims Act (FCA) actions, and other issues under the Federal Acquisition Regulation (FAR) and Contract Disputes Act (CDA).

Government contractors benefit from Lauren's substantial experience assisting them with their contracts on military bases in the Middle East, Europe, and beyond. Her work in this area includes representing defense contractors against unjustifiable terminations for default resulting from government interference on military bases and against military base suspensions and debarments from various DOD installations overseas. Lauren has also assisted contractors in navigating the complex nature of Status of Forces Agreements (SOFAs) and host nation laws applied to contractors supporting missions in the Middle East and Europe.
