Meghan Leemon counsels government contractors and commercial businesses on a broad range of government contracting matters. She advises companies on small business procurement matters, particularly on issues related to eligibility and participation in small business federal procurement programs, such as the SBA's 8(a) BD, SDVOSB/VOSB, WOSB/EDWOSB, and HUBZone programs. In addition, much of Meghan's practice involves SBA's Mentor-Protégé program and assisting clients in forming joint ventures. She also assists clients in maintaining compliance with the FAR and small business regulations.

Meghan's practice includes size and status protests, as well as requests for equitable adjustment, claims, and appeals. She is also involved with the government contracting implications of possible changes of ownership and mergers & acquisitions.
