#### **Revised Interim Implementation of Government-wide Guidance for Grants and Cooperative Agreements**

The DOD has issued a notice of proposed rulemaking (“NPRM”), the first in a sequence of six NPRMs, which collectively establish, for DOD grants and cooperative agreements, an updated interim implementation of government-wide guidance on administrative requirements, cost principles, and audit requirements for federal awards. This NPRM removes a part of the DOD Grant and Agreement Regulations (“DODGARs”) and replaces it with a new DODGARs part containing a revised interim implementation of the guidance and establishes seven subchapters within DOD's chapter of the Grants and Agreements title of the Code of Federal Regulations. The purpose of this NPRM is to provide an organizing framework for the DODGARs to make it easier for users of the regulations to locate the content that they need, [81 Fed. Reg. 78356](#).
