IT IS TIME FOR

A CYBER COMPLIANCE CHECK-UP

THE DEADLINE FOR NIST COMPLIANCE HAS PASSED

ARE YOU IN COMPLIANCE?

WHAT DOES THIS MEAN?

COMPLIANCE CHECK BENEFITS

DoD CONTRACTORS OPERATING NONFEDERAL IT SYSTEMS AND SUBJECT TO DFARS 252.204-7012 WERE REQUIRED TO HAVE A SYSTEM SECURITY PLAN IN PLACE BY DECEMBER 31, 2017, TO DEMONSTRATE COMPLIANCE WITH THE RECOMMENDED SECURITY CONTROLS IN NIST SP 800-171.

EVEN IF THE NEW REGULATIONS ARE NOT APPLICABLE TO YOUR CURRENT CONTRACTS, YOU CAN STILL BENEFIT FROM A COMPLIANCE CHECK UP. RECENTLY, DoD ISSUED DRAFT GUIDANCE ON HOW SYSTEM SECURITY PLANS MAY BE EVALUATED FOR COMPLIANCE AND INDICATES THIS AREA MAY BECOME A CRITICAL FACTOR IN EVALUATING CONTRACTORS' PROPOSALS. NOT BEING COMPLIANT COULD POTENTIALLY COST YOU CONTRACTS LATER.

COMPLIANCE CHECK-UP
WHAT YOU GET

AN INITIAL ASSESSMENT OF THE CURRENT LEVEL OF COMPLIANCE, APPLICABLE REGULATORY AND CONTRACTUAL REQUIREMENTS, AND DEVELOPMENT OF A "NEEDS ASSESSMENT" FOR CYBERSECURITY COMPLIANCE

ACCESS TO A PRELIMINARY SURVEY THAT IS GIVEN AS THE FIRST STEP IN THE ASSESSMENT

WE WILL REVIEW THE RESULTS OF THE SURVEY, ALONG WITH A FEW EXAMPLES OF YOUR CONTRACTS AND EXISTING INTERNAL POLICIES AND PROCEDURES, TO DEVELOP A CYBERSECURITY NEEDS ASSESSMENT

COST

\$2,000

FOR THE CYBER COMPLIANCE CHECK-UP
